MEMORANDUM

Date: July 10, 2012

To: Santa Fe County Board of County Commissioners

From: Pablo Sedillo III, Public Safety Director
Bill Taylor, Purchasing Manager *BT*

Re: *Request Approval of Amendment #1 to Agreement #2011-0270-CORR/MS with Diamond Pharmacy Services to extend agreement for an additional year and to increase compensation by \$40,000 per year, to include year one. (Purchasing/Bill Taylor and Corrections/Pablo Sedillo III)*

Issue:

The Corrections Department is requesting approval of Amendment No. 1 to SFC Agreement #2011-0270-CORR/MS between Santa Fe County and Diamond Pharmacy Services. The purpose of this Amendment is to extend the term of the Agreement through August 31, 2013, and increase compensation by \$40,000.00 per year **to include year one of this Agreement**. The total amount payable shall not exceed \$280,000 per year. This Agreement is a result of RFP No. 2011-0270-CORR/MS, whereas the contract term, including extensions and renewals, shall not exceed four years.

Background:

The contract increase is the result of additional beds being occupied in the facility. Both formulary and non formulary medication orders have increased due to the additional occupied beds. The increase in occupied beds also brings an increase in inmates with long-term substance use and abuse related medical and mental health illnesses. Often this population has used illicit substances to self-treat underlying mental health illness. Once incarcerated, these medical and mental health illnesses require medications to stabilize or treat them. The medical department is currently looking into expanding the over-the-counter-medication selections available for purchase in the commissary for the inmates. The additional compensation request would be sufficient for the number of inmates we house and cover a monthly increase of medications in the amount of \$3,000 per month for a twelve month period.

Action Requested:

The Corrections Department is requesting approval of Amendment No. 1 to the Diamond Pharmacy Services Agreement for the purpose of extending the term of the Agreement for an additional year and increasing compensation by \$40,000 per contract year for a total contract amount not to exceed \$280,000 per contract year.

REQUEST APPROVAL OF THE PURCHASE OF A CONSERVATION EASEMENT UNDER THE USDA FARM AND RANCH LANDS PROTECTION PROGRAM ON APPROXIMATELY 17 ACRES OF AGRICULTURAL LAND ON THE SANTA CRUZ RIVER AT RANCHO VALLE FOR \$70,000 ON RECOMMENDATION FROM THE COUNTY OPEN LANDS, TRAILS, AND PARKS ADVISORY COMMITTEE. (Public Works)

BACKGROUND AND SUMMARY:

The Federal Farm and Ranch Lands Protection Program provides an annual budget to States for the purpose of protecting irrigated farm land and ranch lands through the purchase of conservation easements. The program is managed by the National Resource Conservation Service (NRCS). In the case of New Mexico, the budget for this year is \$860,000. Private land owners work with a non-profit Land Trust to acquire, implement, and manage the conservation easements on their land. Through this program, farmers receive funds for placing their lands under a conservation easement and are thereby able to keep their land in production and keep their water rights tied to the land by retiring their development rights.

Since 2009, Julie and Scott Bennett, have been seeking a way to conserve approximately 17 acres of farm land that they own along the Santa Cruz River at Rancho Valle. In 2010, the New Mexico Land Conservancy approached the Bennetts and asked if they would like to apply for Federal Farm and Ranch Land Protection funding to protect their irrigated farm through a conservation easement. The estimated value of the conservation easement is \$400,000. The New Mexico Land Conservancy and the landowners applied for and were successful in retaining funding for the conservation easement through the Program. New Mexico Land Conservancy has an existing cooperative agreement with the National Resource Conservation Service for \$190,000 in funding to purchase a portion of the value of the conservation easement. In order to leverage this federal funding, a non-federal cash match of \$70,000 is required. The partners are requesting the matching

funding from the County in order to move forward to complete the conservation easement by February 2013.

Once the conservation easement is complete, the landowners intend to donate the easement encumbered property to the Santa Fe Farmer's Market Institute. The Farmer's Market plans to use the property as an example of how to make farm land affordable to lower income farmers. The partners understand that this is not just a one-time effort, but has the potential to be replicated on irrigated farm land across Santa Fe County. This model could be highly successful in protecting valuable agricultural land at costs well below outright fee acquisition and will keep land in agricultural production and private ownership. The County's Sustainable Growth Management Plan identifies agriculture as "a key to sustainability and is crucial to sustaining the diversity of cultures, local economy and overall quality of life for residents of the County."

The County will be named as a co-grantee of the conservation easement along with the New Mexico Land Conservancy. New Mexico Land Conservancy will act as the "Managing Grantee" and will have the responsibilities of monitoring and stewarding the conservation easement and will provide reports back to the County on an annual basis. As the co-grantee of the easement, the County will not have to dedicate any operations and maintenance funds to the conservation of the property.

The County Open Lands, Trails, and Parks Advisory Committee (COLTPAC) heard this application at their regular meeting on April 19, 2012 and unanimously recommended that the request go forward to the Board of County Commissioners.

ACTION REQUESTED:

Staff recommends approval to proceed with negotiations for purchase of the conservation easement with the County's matching contribution of \$70,000 on approximately 17 acres of irrigated farm land at Rancho Valle, for which the County will be co-grantee with the New Mexico Land Conservancy, on recommendation from the County Open Lands, Trails, and Parks Advisory Committee.

Re: An Emergency Ordinance Declaring Hazardous Fire Conditions and Imposing Restrictions on Open Fires, Smoking, and Other Ignition Sources

Background

The County Fire Department is requesting approval of an Emergency Ordinance Declaring Hazardous Fire Conditions and Imposing Restrictions on Open Fires, Smoking and Other Ignition Sources within Santa Fe County. This emergency ordinance is a successor to the previous 30 day emergency ordinance passed in June 2012 and extends restrictions for an additional 30 days. It shall take effect upon approval and expire after 30 days unless renewed at a subsequent Board meeting.

Approval of these emergency restrictions during the month of July is necessitated by persistent and severe drought conditions that have left our wildland fuels tinder dry and explosively combustive. Precipitation has been sporadic and scattered throughout the region and insufficient to alleviate conditions. At the current time the wild land fire danger measurements utilized by the US Forest Service rate local fire conditions as "severe" in areas of our grass land, pinion-juniper, and ponderosa fuel types throughout Santa Fe County and the surrounding areas.

This emergency ordinance will reduce the likelihood of an accidental wildland fire during the next 30 days, improve public and firefighter safety, and preserve property in Santa Fe County.

Action Requested

Approval of the Emergency Ordinance Declaring Hazardous Fire Conditions and Imposing Restrictions on Open Fires, Smoking, and Other Ignition Sources within Santa Fe County. The Fire Chief/Fire Marshal shall have the authority to grant exemptions to the Emergency Ordinance to burn permit applicants after assuring adequate fire protection is available and all reasonable measures have been taken to mitigate the severe fire danger.

SANTA FE COUNTY

ORDINANCE NO. 2012-___

**AN EMERGENCY ORDINANCE DECLARING HAZARDOUS FIRE
CONDITIONS AND IMPOSING RESTRICTIONS ON
OPEN FIRES, SMOKING AND OTHER IGNITION SOURCES**

Be it ordained by the Board of County Commissioners of Santa Fe County that because the current dry conditions and fire hazards represent a significant and imminent threat to the safety, health and welfare in Santa Fe County, the following prohibitions are hereby **ADOPTED**:

1. Consistent with its authority pursuant to NMSA 1978, Section 59A-52-18, the following are prohibited for a period of thirty (30) days within the unincorporated areas of Santa Fe County:
 - a. Campfires
 - b. Open fires of any kind
 - c. Open burning of vegetation or rubbish
 - d. Smoking within a County park, campground or any wildland area except within an enclosed vehicle or building
 - e. Littering on public roadways/areas with ignited smoking materials
 - f. Use of off-road vehicles and motor bikes within county parks, campground and wild land areas
 - g. The issuance of licenses or permits for open burning except as noted below
2. The Fire Chief or Fire Marshal shall have the authority to grant exemptions to the Emergency Ordinance to burn permit applicants after assuring that adequate fire protection is available and all reasonable measures have been taken to mitigate the hazardous fire conditions.
3. Nothing herein shall be construed to limit the authority or responsibilities of the Santa Fe County Fire Marshal or the Santa Fe County Sheriff under the provisions of other ordinances.
4. Any individual, firm, partnership or other entity found violating this emergency ordinance shall be deemed guilty of a petty misdemeanor and shall be punished by imprisonment for up to ninety days or a fine not to exceed three hundred dollars, or both.

This Ordinance shall take effect immediately and shall remain in effect for thirty days.

APPROVED, ADOPTED AND PASSED this ____ day of July, 2012.
