- PIP -CDP Input
- BCC -CDP Decisions
- Code Team-Incorporation of CDP Decisions into SLDC Draft

Phase 2:

July/October 2011

- Code Draft Elements Review for CDPs
- PIP CDP Input on additional CDPs
- BCC -Decisions on additional CDPs
- Code Team -Incorporation of CDP Decisions

Phase 3:

Nov./Dec. 2011

- Final Code Draft
- Public Hearing Process

Phasing Outcomes:

- Code Draft Elements released for Public Review.

Additional CDP's identified.

- Implementation of CDP Elements into Code draft.

- Additional Code Elements released for Public Review.

- Code Draft Public Review Process

- Code Draft Public Hearing Process

Public Input Process:

The Goal:

*“Make sure citizens are
heard by decision makers”*

How Will Citizens Be Heard?

- Identify Concept Decision Points (CDPs)
 - Discuss Alternatives
 - Implement Code
- Focus code discussion towards validating implementation rather than policy
- Organize the process to make it accessible.
 - Use appropriate technology to help
- Help public organize input
 - Education about the issues so they understand the big picture
 - Help groups and individuals organize input for maximum impact

Concept Decision Points and Implementation Details

- ***Concept Decision Points (CDPs)***
 - Define major policy decisions
 - Presented as a question with alternatives (one or several may be chosen)
- ***Implementation Details***
 - Specify the details related to a policy decision (may actually define policy)
 - Presented as a question with alternatives (one or several may be chosen)

As we go through the process, we will determine what level of detail is appropriate
