VI. EVALUATION OF PROPOSALS

A. EVALUATION SCORING

The County will evaluate responsive proposals and assign a numerical score in each category, not to exceed the maximum allowed score for that category, as determined through the Offeror’s attention to the factor detailed in the following sections. The amount of discussion to be applied to each listed topic is an individual choice of the Offeror; however, discussion should be detailed enough to inform and educate the Evaluation Committee Members.

Proposals will be scored based upon a comparison of the information submitted by each Offeror against the evaluation criteria outlined below. Each Evaluation Criteria is assigned the following points:

1.	Specialized Design and Technical Competence.....	200 points
2.	Evidence of Understanding the Scope of Work.....	350 points
3.	Capacity and Capability	250 points
4.	Past Record of Performance.....	150 points
5.	Proximity to/or Familiarity with Site Location	50 points
6.	New Mexico Produced Work	50 points
7.	Volume of Work Previously Done	50 points
TOTAL POINTS		1100 points

B. EVALUATION PROCESS

The evaluation process will follow the steps listed below:

1. All proposals will be reviewed for compliance with the mandatory specifications stated within the RFP. Proposals deemed non-responsive will be eliminated from further consideration.
2. The Procurement Specialist may contact the Offeror for clarification of the response as specified in Section III, Paragraph B.7.
3. The Evaluation Committee may use other sources of information to perform the evaluation as specified in Section III, Paragraph C.18.
4. Responsive proposals will be evaluated using the factors in Section V. The responsible Offerors with the highest scores will be selected as finalist Offerors based upon the proposals submitted. Finalist Offerors who are asked or choose to submit revised proposals for the purpose of obtaining best and final offers will have their points recalculated accordingly. The responsible Offeror whose proposal is most advantageous to the County, taking into consideration the evaluation criteria in Section VI, will be recommended for contract award as specified in Section III, Paragraph B.12. Please note, however, that a serious deficiency in the response to any one factor may be grounds for rejection regardless of overall score.

5. Past performance in a project (See Section V.C.4 above) is a significant consideration of the evaluation and poor performance on a prior County project may result in a lower number of points awarded to a proposal for this element of the evaluation.
