- 17.

For the following line items (in Teal) are to be part of your Plan Set and combined as one (1) PDF. Santa Fe County requires the digital pdf file to be created at a sheet size of 11" x 17", 24" x 36" or 30" x 48" and must be to scale. (And to include a graphic scale)

Site Plan (Birds eye-view of what in on the property including all existing & proposed structures, setbacks, well, septic, 600 cubic foot retention pond [per Chapter 7, Section 7.17, Subsection 7.17.5.2.7], driveway w/ length and width).

- Entire lot/parcel is to be shown.
 - All structures to be labeled as Proposed or Existing.
 - Plans labeled with studio, casita, or guest house will not be accepted.
 - Survey plats will not be accepted as site plans.
 - Computer generated plans shall not have hand written notes or changes.
18. **Water Harvesting Plan** shown on Site Plan
 - Heated floor area of 2,500 sq. ft. or less = Required rain Barrels, Cisterns, or other water catchment system including passive water harvesting and infiltration techniques, berms, swales, and tree wells to capture rainwater.
 - Heated floor area greater than 2,500 sq. ft. = Cisterns required. Cisterns shall be buried or partially buried and insulated. The cistern shall be connected to a pump and a drip irrigation system to serve landscaped areas (System to be calculated to size 85% of total roofed sq. ft. x 1.15 gallons = Cistern size).
 19. **Grading & Drainage Plan** - signed and sealed by a NM professional engineer showing pond location and drainage calculations (if applicable, typically required on sites with terrain and/or drainage issues)
 20. **Slope Analysis** (if applicable, typically required on site with terrain issues)
 21. **Floor Plan** (dimensioned and noted)

22. **Exterior Elevations** (*showing dimensions, natural grade, finished floor, & final cut grade*)
23. **Foundation Plan** (*dimensioned and noted*)
24. **Structural Details**
25. **Fire Sprinkler Plan** (*if applicable or indicated on approved plat*)
